

During the summer term, children in Years 3 & 4 were chosen to work on a collaborative project with Age UK, called Creative Friends. An inter-generational art project with adults and children across Herefordshire and Worcestershire, getting creative to produce art around the theme of 'My Happy Place'.

The children were able to show their superb artistic abilities, choosing the direction their artwork took and how they responded to the brief. The project culminated in a fantastic exhibition of their artwork at Henry Sandon Hall at Worcester Porcelain Museum. The children had the red carpet treatment with cake and refreshments provided. Well done to all the children who took part, for spending their lunchtimes being creative and producing masterpieces to be proud of. What a wonderful achievement!
