What are our British Values? We have 5 main British Values:

British Values are essential values that teach us to respect and value the law and everyone equally.

People have different opinions/thoughts and different religious beliefs.

Democracy,

Rule of Law,

Respect

Tolerance

Individual Liberty.

Rule of Law

Let's think about our
first focus value...

Countries that observe 'the rule of law' hold it as a principle that everyone is equal before the law. The actions of governments or rulers can be challenged in court; in a fair society no-one is above the law.'

'The rule of law is basically what keeps our society together and what helps us live a happy life.'

Rule of Law

Why do we think this is such an important value?

Why are rules needed?

What could happen without rules?

- Unsafe.
- Unfair
- Confusion

It would be fun, but soon things would get out of control

We wouldn't be able to play any games: all games need rules and they're no fun if you don't stick to them

If there were no rules, we wouldn't be safe

Who would deal with unkind behaviour or illegal behaviour if there were no rules?

Laws and rules are essential:

- Families, schools and countries all need rules - to make sure we are all treated fairly. Rules help us live peacefully together.

Big Question:

Should we have school rules?

Would school be fair without rules?

What would school be like without rules?
