

Spelling - Fred Fingers

Once the children have learnt to read enough sounds to form CVC words like cat, pin, peg, dot then they will be encouraged to write these down. They will be asked to 'pinch' the sounds on their fingers.

Fred helps the children to read and spell.

We call this "Using our Fred Fingers".

We might ask the children to spell the word 'cat'. The children would be expected to start saying the sounds they hear from their thumb; pinching a new sound on a new finger.

See the video link below to see 'Fred Fingers' in action;
