Appendix 1. List of statutory policies and procedures for the EYFS 10

1. Aims

This policy aims to ensure:

- That children learn and develop well and are kept healthy and safe
- That children access a broad and balanced curriculum that gives them 'school readiness' and a secure foundation for learning, development and good progress through school and life
- Quality and consistency in teaching and learning so that every child makes good progress and no child gets left behind
- A close working partnership between staff and parents and/or carers
- Every child is included and supported through equality of opportunity and anti-discriminatory practice

This policy is guided by the following principles:

- Every child is a unique child, who is constantly learning and can be resilient, capable, confident, and self-assured
- Children learn to be strong and independent through positive relationships
- Children learn and develop well in enabling environments with teaching and support from adults, who respond to their individual interests and needs and help them to build their learning over time. Children benefit from a strong partnership between staff and parents and/or carers
- The importance of learning and development, with a consideration that children develop and learn at different rates

2. Guidance

This policy is based on requirements set out in the statutory framework for the Early Years Foundation Stage (EYFS framework), effective from 1 September 2026, and the latest version of the Department for Education's statutory guidance Keeping Children Safe in Education.

3. Structure of the EYFS

At Pitmaston Primary School we have a Governor led Pre-School Nursery on site. This is a 24 place Nursery led by a teacher and two level 3 practitioners.

© The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

We have three reception classes with 30 children in each class with a teacher and full time teaching and learning assistant.

4. Curriculum

Our early years setting follows the curriculum as outlined in the latest EYFS framework.

The EYFS framework includes 7 areas of learning and development that we must teach. All areas of learning and development are important and interconnected.

Three areas, known as the prime areas, are seen as particularly important for building children's capacity to learn, form relationships and thrive.

The prime areas are:

- Communication and language
- Physical development
- Personal, social and emotional development

We also support children in 4 specific areas which help strengthen and develop the 3 prime areas, and ignite the children's curiosity and enthusiasm:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

4.1 Planning

Our staff are ambitious for all children, and plan activities and experiences for the children that enable them to develop and learn effectively. In order to do this, staff working with the youngest children are expected to ensure a strong foundation for children's development across the curriculum in both the prime and specific areas of learning.

Staff also take into account the individual needs, interests and development of each child in their care, and consider whether the child needs any additional support. They use this information to plan a challenging and enjoyable experience. If a member of staff is worried about a child's progress in any prime area, they will discuss this with the child's parents and/or carers and agree how to support the child.

Where a child may have a special educational need or disability (SEND), staff consider whether specialist support is required, linking with relevant services from other agencies, where appropriate.

In planning and guiding the children's activities, staff reflect on the different rates at which children are developing, and take these into account.

4.2 Teaching

Staff recognise that play is essential for children's development, building their confidence as they learn to explore, relate to others, set their own goals, and solve problems.

Staff make sure that the children experience the 3 key characteristics of effective teaching and learning: playing and exploring; active learning; and creating and thinking critically.

Staff will respond to each child's emerging needs and interests, guiding their development through warm, positive interaction.

As the children grow older, and as their development allows, the balance gradually shifts towards more focus on teaching essential skills and knowledge in the specific areas of learning, to help the children prepare for Key Stage 1.

5. Assessment

© The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

At Pitmaston Primary School, ongoing assessment is an integral part of learning and development processes. Staff observe pupils to identify their progress, development and interests. These observations are used to shape future planning. Staff also take into account observations shared by parents and/or carers and keep them up to date with the child's progress and development. Staff will address any learning and development needs in partnership with parents and/or carers, and any relevant professionals.

When assessing whether an individual child is at the expected level of development, staff will draw on their knowledge of the child and their own expert professional judgement. Staff are not required to prove this through collection of any physical evidence.

Pre-School Nursery

Staff review childrens' progress and provide parents and/or carers with a written summary of the child's development in all areas. This 'progress check' will:

- Highlight the areas in which a child is progressing well and the areas in which additional support is needed
- Focus on any areas of possible concern that a child may have a developmental delay, which may indicate a disability or special educational need
- Describe the activities and strategies that the school intends to adopt to address any issues or concerns, involving parents and/or carers and other professionals as appropriate

Starting reception

Within the first 6 weeks that a child **starts reception**, staff will administer the reception baseline assessment (RBA).

The RBA is a short, practical activity that each child will complete with their teacher during their first 6 weeks in reception. It looks at early mathematics, literacy, communication and language. It provides a starting point from which the school can measure how much progress pupils make across primary school. Results are compared with pupils' Key Stage 2 outcomes at the end of year 6 to give an overall progress measure for the school as a whole – not for individual children.

The RBA is not used to make judgements about early years provision, either current or retrospective, and the RBA and its data is not used for any other purpose apart from creating primary progress measures

The end of EYFS

In the final term of the academic year in which the child reaches age 5, and no later than 30 June in that term, staff will complete the EYFS profile for each child. Each child is assessed against the 17 early learning goals, indicating whether they are:

- Meeting expected levels of development
- Not yet reaching expected levels ('emerging')

The EYFS profile will reflect staff members' own knowledge and professional judgement of a child to inform discussions with parents and/or carers, and any other person whom the teacher, parent and/or carer judges can offer a useful contribution.

We share the EYFS profile with the child's year 1 teacher. This helps to inform a discussion between reception and year 1 teachers about the child's stage of development and learning needs, and helps with planning activities in year 1.

The school shares the results of each child's 'progress check' and EYFS profile (but not the reception baseline assessment) with their parents and/or carers.

In exceptional circumstances, after discussion and only in agreement with parents and/or carers, a child might stay in EYFS provision beyond the end of the academic year in which they turn 5. In these exceptional cases, we will continue to assess the child throughout their time in EYFS provision and complete their profile at the end of the year before they move into year 1.

An EYFS profile will be completed for all children, including those with special educational needs or disabilities (SEND). We will make the appropriate reasonable adjustments to the assessment process for children with SEND.

© The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

The profile is moderated internally and in partnership with other local schools, to ensure consistent assessment judgements. We submit EYFS profile data to the local authority on request.

6. Working with parents and carers

We recognise that children learn and develop well when there's a strong partnership between our staff and each child's parents and/or carers.

We visit parents and the child at home prior to their start in Reception to get to know your child well. Parents evenings inform parents and/or carers about their child's progress and take place twice a year. An end of year annual report in line with the EYFS profile is shared with parents to inform them of their achievements at the end of the academic year.

Each child is assigned a key person in Pre-School Nursery and in Reception the key person is the class teacher who helps to make sure that their learning and care is tailored to meet their needs. The key person supports parents and/or carers in guiding their child's development at home. The key person also helps families to engage with more specialist support, if appropriate.

We ask parents/carers to provide more than 2 emergency contact numbers for their child (where possible).

7. Staff

7.1 Staff training

We will:

- Train all staff in safeguarding procedures in line with Annex C of the most recent EYFS framework and Keeping Children Safe in Education (KCSIE) guidance
- Support all staff to feel supported and confident in implementing our safeguarding policy and procedures
- Renew training every 2 years, or more often when it's needed to help maintain skills; keep up to date with any changes to our safeguarding procedures; or because of any safeguarding concerns
- Outline how training is delivered, and how staff are supported to put it in place, in our child protection and safeguarding policy found on the school website.

Our designated safeguarding lead (DSL) will:

- Provide ongoing support, advice and guidance to all staff
- Attend a training course consistent with the criteria set out in Annex C of the most recent EYFS framework
- Liaise as needed with local statutory children's services agencies and our local safeguarding partners

7.2 Safer recruitment

When recruiting staff, we will follow the procedures set out in the latest EYFS framework guidance and KCSIE on checking the suitability of new recruits, including:

- Obtaining at least 1 written reference for any member of staff (including students and volunteers) before they are recruited
- Carrying out the necessary checks, including the appropriate level of DBS check
- Recording information about staff qualifications and identity checks, vetting processes and references

See our safeguarding policy for details of our safer recruitment procedures found on the school website.

7.3 Whistle-blowing

We make sure that all staff (including trainees) and volunteers are aware of our whistle-blowing procedures; feel able to raise concerns about any poor or unsafe practice; and know that such concerns will be taken seriously by the senior leadership team.

© The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

In the event that an individual feels that they need to blow the whistle on misconduct, they should report their concern to the Headteacher. If the concern is about the Headteacher, or it is believed they may be involved in the wrongdoing in some way, the staff member should report their concern to the Chair of Governors.

See our whistle-blowing policy for details of our safer recruitment procedures and more detail on our procedures for handling whistle-blowing.

7.3.1 Malicious or vexatious allegations

If an allegation is made in good faith, but investigation finds no wrongdoing, there will be no disciplinary action against the member of staff who raised the concern.

If, however, an allegation is shown to be deliberately invented or malicious, we will consider whether any disciplinary action is appropriate against the person making the allegation.

8. Safeguarding and welfare procedures

We recognise that children learn best when they are healthy, safe and secure; when their individual needs are met; and when they have positive relationships with the adults caring for them. We follow safeguarding and welfare requirements to provide a welcoming, safe and stimulating environment where children can enjoy learning and grow in confidence.

All practitioners are alert to any issues of concern in children's lives at home or elsewhere.

See our Safeguarding policy found on the school website for more information for more information.

8.1 Reporting allegations or concerns

If we have concerns about children's safety or welfare, we will immediately notify our local authority children's social care team, in line with local reporting procedures. In emergencies, we will also inform the police.

If a concern or allegation is about:

- A member of staff (including supply staff, trainee teachers, volunteers and contractors) posing a risk of harm to children, we will report it to the headteacher as soon as possible
- The headteacher, we will report it to the Chair of Governors

Where we believe there's a conflict of interest in reporting to the headteacher, we will report it directly to the local authority designated officer (LADO).

We will then follow the procedures set out in our safeguarding policy for managing the allegation.

If an allegation of harm or abuse by anyone living, working or looking after children at the premises is made (whether the alleged harm or abuse happened on the premises or elsewhere), we will inform Ofsted as soon as it is reasonably practicable and within 14 days of the allegation being made. We will also inform Ofsted about the action we have taken in response to the allegation(s).

8.2 Staffing ratios

We make sure that the appropriate statutory staff:child ratios are maintained in our setting to meet the needs of all children and ensure their safety.. We will inform parents and/or carers about how staff are organised, and, when relevant and practical, aim to involve them in these decisions.

For the Pre-School Nursery we have:

- at least 1 member of staff for every 13 children
- at least 1 member of staff is a school teacher as defined by section 122 of the Education Act 2002
- at least 1 other member of staff holds an approved level 3 qualification, or has received approval to be included in the ratios at level 3 after attaining experience-based route status

For the three Reception classes we:

- comply with infant class size legislation and have at least 1 teacher per 30 pupils

© The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

These staff:child ratios apply to the total number of staff working directly with children across our whole provision, not just within each room.

8.3 Paediatric first aid (PFA)

We have at least 1 person with a current paediatric first aid (PFA) certificate on the premises and available at all times when children are present, including on outings. The PFA certificate is for a full course consistent with the criteria set out in Annex A of the EYFS framework. This PFA certificate is renewed every 3 years as required.

We display or make available to parents and/or carers PFA certificates or a list of staff who have a current PFA certificate.

8.4 The designated safeguarding lead (DSL)

We also have a DSL who has lead responsibility for safeguarding children. They are also responsible for:

- Liaising with local statutory children's services agencies, and with the LSPs (local safeguarding partners)
- Providing support, advice and guidance to all other staff on an ongoing basis, and on any specific safeguarding issue as required
- Attending a safeguarding training course that complies with the criteria set out in annex C of the latest EYFS framework

8.5 Absence

We're required to promptly follow up on absences.

If a child is absent for a prolonged time or if their parents/carers haven't told us about the absence, we will attempt to contact the parents/carers and alternative emergency contacts.

We will consider patterns and trends in a child's absences and their personal circumstances and use our professional judgement when deciding if the child's absence should be considered as prolonged.

Any concerns will be referred to local children's social care services and/or a police welfare check requested.

See our attendance for more on this, including our expectations of parents/carers to report child absences.

8.6 Oral health and tooth brushing

We promote good oral health, as well as good health in general, in the early years by:

providing half termly continuous provision focusing on oral health

- Education the children on the effects of eating too many sweet things
- Emphasising the importance of brushing your teeth twice daily

We intend to introduce a supervised tooth brushing programme, to support the children's oral health. We follow government guidance on supervised toothbrushing to make sure that it is evidence-based and safe.

The rest of our safeguarding and welfare procedures are outlined in our school's safeguarding policy which can be found on the school website.

8.7 Safer eating

While children are eating, there will always be at least 1 member of staff in the room with a valid PFS certificate (from a course consistent with the criteria set out in Annex A of the latest EYFS framework). All children will be within sight and hearing of a member of staff while eating, and seated safely in an appropriate chair in a designated eating space.

Before a child joins our setting, we will get information on their:

- Dietary requirements and preferences
- Food allergies and intolerances
- Health requirements

© The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

We will share this information with all staff involved in food preparation and handling. At each mealtime and snack time it will be clear which staff member is responsible for checking that the food and drink meets all the requirements for each child.

We will make sure that all staff are aware of the symptoms and treatments for allergies and anaphylaxis; the differences between allergies and intolerances; and that children can develop allergies at any time, especially during the introduction of solid foods.

We will consult with parents/carers to:

- Create allergy action plans for their child – with the help of health professionals, where appropriate
    - We will also keep this information up to date and share it with all staff
- Discuss their child's progress with solid foods and the textures the child is familiar with and work with them to move on to the next stage at a pace that's right for their child

We will prepare food in a way that:

- Prevents choking
- Meets each child's individual developmental needs
- Is in line with the DfE's Early Years Foundation Stage nutrition guidance. All meals, snacks and drinks we provide are healthy, balanced and nutritious. Fresh drinking water is always available and accessible to children

In the event of a choking incident that requires intervention, we will record details of the incident and make the child's parents/carers aware. We will periodically review the records to identify whether we can change anything in our practice to make eating safer, and then take action as appropriate.

We will notify Ofsted of any food poisoning affecting 2 or more children as soon as is reasonably practicable, but, in any event, within 14 days of the incident.

8.8 Accident or injury

We keep a first aid box (which contains appropriate items for children) always accessible.

We keep a written record of accident or injuries and any first aid treatment.

We will inform parents or carers the same day via Meditracker, or as soon as reasonably practicable after, of any:

- Accident or injury sustained by the child
- First aid treatment given

We will notify the relevant authority of any serious accident, illness, or injury to, or death of any child while in our care and inform them of the action taken, as soon as reasonably practicable, but in any event, within 14 days of the incident occurring.

8.9 Safety of premises

We make sure that our premises, including overall floor space and outdoor space, are fit for purpose and suitable for the age of children we care for and the activities provided on the premises.

We comply with requirements of health and safety legislation, including fire safety and hygiene requirements.

We take reasonable steps to ensure the safety of children, staff, and others on our premises in the case of fire or any other emergency. We have:

- An emergency evacuation procedure
- Appropriate fire detection and control equipment (for example, fire alarms, smoke detectors, fire blankets and/or fire extinguishers) which is in working order
- Clearly identifiable fire exits and fire doors free of obstruction and easily opened from the inside

We do not keep, and do not allow to be present on our premises at any time, any dog of a type banned under section 1 of the Dangerous Dogs Act 1991.

© The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

We do not allow smoking in or on our premises when children are present or are about to be present, and we make sure that staff do not smoke, vape or use e-cigarettes when children are present, or about to be present.

8.10 Toileting and privacy

We make sure that there are:

- Enough toilets and hand basins available for the children
- An adequate supply of necessary items such as clean bedding, towels, spare clothes and any other necessary items
- Suitable and hygienic nappy changing facilities for changing any children who are in nappies
- Separate toilet facilities for adults

During nappy changes and toileting, we will balance children's privacy with their safeguarding and support needs.

8.11 Safer sleep for children

We follow safer sleep practice if children fall asleep during the school day.

Sleep position and space

- Children are always placed on their back to sleep in a separate sleep space allocated in the reading corners, on a firm, flat mattress on the floor

Bedding

- Sleep spaces have a firm, flat, waterproof mattress, with a fitted mattress
- Where a blanket is used firmly tucked in around the child below their shoulders
- A child's head is never covered
- All sleeping children are always within sight and hearing of staff, and are checked on frequently

Room conditions

- The room temperature is kept between 16°C and 20°C while children sleep

8.12 Screen use

We have regard to the DfE's help for early years providers: screen use guidance when making decisions about how and when children use screens in our setting.

8.13 Organising premises for confidentiality and safeguarding

We make sure that:

- There is an area where staff may talk to parents and/or carers confidentially
- There is an area for staff to take breaks away from areas being used by children
- Children are only released into the care of individuals of whom the parent and/or carer has explicitly notified us
- Children do not leave our premises unsupervised

We take all reasonable steps to prevent unauthorised persons entering our premises and have an agreed procedure for checking the identity of visitors.

9. Monitoring arrangements

This policy will be reviewed and approved by the Headteacher and the Governing Body every three years. It will be monitored by the Headteacher and Early Years Lead.
